TRACK YOUR STOCK LIKE NEVER BEFORE

order**mate**

TOTAL CONTROL
Know everything there is to know about your stock at any time, with live data to keep you in the loop.

ACCOUNTABILITY
Never miss a beat with a system that monitors your wastage and usage and tracks it to the source.
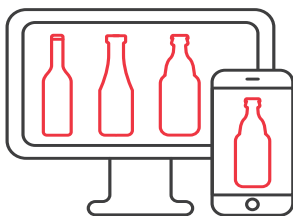

ACCURATE PRICING
Track your cost of goods all the way from pre-production through to the actual sale.

### ANALYSIS
OrderMate's extensive reports will allow you to see larger trends when it comes to your stock.

THE KEY FEATURES

STOCKTAKE
'Live' stocktakes allow you to keep on top of what needs to be reordered at any given time, and automate the process with your Point of Sale.

ORDERING
Prefill invoices based on suggestions from your POS and stock par levels, then easily contact suppliers already in your system: re-ordering made simple.

TRACKING STOCK
Keep track of your stock throughout its life, with stock transfer options for venues with multiple areas, as well as an easy to use stocktake app.

REPORTING
With unique reports built into Stock Control, keep on top of ordering and usage trends and monitor efficiency at every level of your business.

"OrderMate is an all in one solution that is completely customisable, as the manager of a busy bar that is exactly what want from your Point of Sale system. The Back of House OfficeMate is easy to use and assists me with completing my integral daily tasks. The stock control features of suggested ordering, invoice creation and integrated barcode scanning ensures stock remains continuously streamlined."
